Bardwell City Council Tables Sewer Rate Discussion Until Next Month’s Meeting

**By Michael Toon
Carlisle Weekly**

The Bardwell City Council met in regular session on April 10, 2012. The meeting began with the approval of the March 13th and March 27th previous minutes, the financial report and monthly bills.

In the Purchase Area Development District (PADD) report, Mayor Philip King told the council that Florence and Hutchinson Engineering on the water pipe connection project and that Caldwell Tank will begin painting the inside of the Bardwell water tank soon. As for the outside, Mayor King met with Carlisle County Middle Schoolers and solicited ideas on what the tank should look like and re-

ceived over 80 drawings. The color scheme of the outside of the tank will be Vegas gold and maroon, the school’s colors.

Jesse Adams was in attendance at the city council meeting and asked that the city extend their deadline on the cleanup of his property across the railroad tracks. Adams said progress has been made and is looking to clean up the final pieces. Adams also asked for help from the city in removing some of the metal sheets from the property.

Mayor King told Adams that this has been a long time coming. “You’ve owned these properties for 10 years now and for the last five years the place has went downhill,” King said. Council members said that if any city equipment is used in the clean up that Adams would have to sign a contract that states that he is financially liable to any damages done to the equipment.

With discussion on that matter concluded the city discussed a possible hike in sewer rates. Currently bills are coming in from the sanitation department of over \$20,000, while the city collected over \$9,000 from sewer customers. The city is at the standpoint to where the city cannot take money from other resources to pay the sewer bills. After lengthy discussion the council tabled the discussion and will await city attorney Jason Batts’ review of the newly proposed contract from the sanitation department before making a decision on possible rate hikes.

The next order of business was the land that the City of Bardwell normally rents out for farm land to a local farmer. The city will propose a higher rate and release land for bid, or they will turn the land into wetlands or into a tree growth program. All of those being viable options for the land if the price per acre is not met.

The final act of business for the Bardwell City Council was to pass a motion to add the \$27,000 for the extrication grant that the city received via a grant.

Case Graduates from Telecommunicators Academy

By Michael Toon
Carlisle Weekly

With last week being Dispatcher Appreciation Week, it was only appropriate that one of Carlisle County’s own, Betsy Case, graduated from the Telecommunications Academy Kentucky Department of Justice Academy. Case graduated from a class of 81 and this class was the second class to go through the

newest curriculum that the state has implemented. Case told the Carlisle Weekly that the hardest part about the whole experience was being away from her comfort zone. “Being away from my family and friends was the toughest thing about the training. They threw us in a room of 25 strangers and little did I know, those 25 strangers would become my lifeline

and some of my newest best friends,” Case said. Case went through the five week program receiving tests and training, putting her and her classmates through every situation that a dispatcher could face. Getting up early was also an obstacle, but one of her best friends, Beverly, made sure that Betsy woke up every morning. In all Case said that while she wouldn’t ever go back, she said the things she learned

were invaluable. “The things I learned in training were invaluable and will help me do my job more effectively and I will be able to help those on the other line who are in need of community services,” Case said. Case was joined at the ceremony where she received her degree by Assistant 911 Director Donna llaird and she was joined by her family as well.

Carlisle Countian Bryanne Tolbird had a lot of hair. With her hair growing out she looked into the Locks of Love foundation and grew her hair out over a two year period. Locks of Love is a public non-profit organization that provides hairpieces to financially disadvantaged children in the United States and Canada under age 21 suffering from long-term medical hair loss from any diagnosis. We meet a unique need for children by using donated hair to create the highest quality hair prosthetics. Most of

the children helped by Locks of Love have lost their hair due to a medical condition called alopecia areata, which has no known cause or cure. The prostheses we provide help to restore their self-esteem and their confidence, enabling them to face the world and their peers. Two weeks ago Bryanne made an appointment with Connie Newsome at Abacadabra Family Salon to cut off her long, beautiful hair, ten and a half inches to be exact. With that ten and a half inches of hair Bryanne donated the lock of hair to the Locks for Love Foundation.

“The good Lord blessed me to be able to grow and have beautiful hair, some aren’t as fortunate like younger kids that are diagnosed with a medical condition called alopecia areata which has no known cause or cure. I am so proud to say that I have been growing my hair out over two years now to donate to Locks of Love. My heart goes out to the child that receives my hair! I have never been so ex-

cited to do something for such a good cause to help a child in need. Thanks for all the support & telling me that I have beautiful hair. Now that child will be able to feel the same as I did,” Tolbird told the Carlisle Weekly. For more information on Locks for Love visit <http://www.locksoflove.org>.

Blessed Eyes

Almost everyone that has been in church knows the story of Jesus sending forth his disciples two by two, to preach the gospel of the kingdom. But the story of the seventy is not known so well. In Luke chap. 10 we see that Jesus sent forth seventy others in the same fashion as He sent the twelve. This tells us plainly the God is interested in having many disciples preaching and healing, not just twelve.

When these seventy returned they were so full of joy from seeing what God had done through them. (V-17) God is interested in doing great through us all if we will just hear His call and follow His instructions. In all this rejoicing over the works of God, Jesus reminded us that the greatest thing to rejoice about is that we are saved, born again and our names are written in the Lambs Book of Life! (V- 20)

The seventy had seen miracles, mighty things of God that not everyone had seen. Jesus said they were very blessed to have seen these things for many before them had desired to see these things and had not. (V-23-24)

When I think and read of the patriarchs, I imagine sometimes what it would have been like to have lived in their times. Abraham walked with God, talked with Him face to face, was called the friend of God and is called the Father of Our Faith. Jesus said in John 8:56 that Abraham saw my day and was glad. He could see spiritually into the future and had covenants with God.

Moses met with God and talked with Him. He received the law from God and taught a whole nation the ways of God. He spoke of a prophet coming that everyone was to listen to. That prophet is Jesus. (Deut. 18:15, 18, Acts 3:22-17:37)

David knew and saw many prophetic things concerning Christ. He saw in the spirit a Temple for God, Christ ministry and crucifixion. He also saw the resurrection and much more. He had blessed eyes spiritually, yet did not see what the seventy saw and heard. (See Psalm 22)

Hebrews 11 tells us of many faith heroes that saw God do amazing things and yet it is said they without us could not be made perfect. (Hebrews 11:40)

When Jesus rose from the dead, He appeared unto many and they saw Him. Thomas missed one of these occasions and declared that he would not believe unless he could see and touch the Master's hands and side. (John 20: 19-29)

On that occasion Jesus said he believed by seeing but the blessed ones are those that believe without having to see.

Now, what about us? Do we need to see before we believe?

Back in Luke 10:21, Jesus began to rejoice in spirit because revelation had come to those around Him. We must be able to see and understand that Jesus rejoices when revelation of Him and His work comes to someone. As we read God's Word, we have before us God's revealed will and way. If we believe without having to see we will be called blessed.

In Verse 22 Jesus tells us there will be future revelation

of Him. We find some of this in the book of Revelation but we find much more of it in the entire scriptures because the holy Spirit is teaching us and guiding us in to all truths. (John 14:26, 16:12-13)

It has always been God's desire for people to believe in Him. As people believe they see. The seeing must begin spiritually before naturally. Whatever we can see in our hearts first, we can see happen in our lives. When we can hear what God is saying by the scriptures we can begin to see it happen in our lives.

I don't know about a lot of people but I, for one am desirous to see and hear what those seventy and many others have seen and heard.

I and others with me are positioning ourselves to hear from God concerning revelation and miracles in the time we live in. We are looking for some now vision and some now miracles! We are joining ourselves together to pray seek God's face and obey His voice.

How about you? Would you be among those the Jesus says has blessed eyes and ears? It seems good to God to reveal His Son Jesus to us so He can be revealed in us and then be revealed through us! Join Us!

ONE PRESSON'S VIEW

Kay Presson (far right) during 1973's Secretary Week REPRINTED WITH PERMISSION FROM PADUCAH SUN

By Kay Presson

From 1967 to 1973, I was employed at Paducah Water Works as Secretary to the Director. At that time, secretaries were called "secretaries," not as "administrative assistants." Also, doctors were called "doctors," not "physicians;" lawyers were "lawyers," not "attorneys."

There are numerous other titles/phrases that were changed, and it kinda makes one wonder why they were changed, and who had the authority to do so.

During my employment, I was a member of the Paducah/Kentucky Lake Chapter of National Secretary's Association, and had the honor of serving as recording secretary. The attached photo is of then Paducah Mayor, Dolly McNutt, signing a declaration for "Secretary Week." Folks, that photo was waaay back in 1973, and I was just 24 years old.

And, at that time, Paducah Water Works was still located in the building next to Paducah Beauty School, and had survived the 1937 flood. When the new office was

built at Fourth and Washington, Bert Gibbons, who was the Director, asked me to completely re-do the entire filing system. It took awhile, however, I completed my assignment, and he gave me the old file cabinets from the former office, which was completely empty.

It has been my honor, and a continued learning experience to actively participate in historical events. And, as I grow older, I remember what my Mama said, "every day is another day in the history book of life."

NEED MOTIVATION? Come join us on Wednesday, April 25th at the Carlisle County Extension Office at 1:30 p.m. Motivation, as a concept, explains why people think and behave the way they do. To achieve personal or organizational success one must recognize the key concepts that motivate behavior to meet needs and desires. This lesson examines the concept of internal and external motivational factors as a springboard to action. Extension homemaker club leaders are expected and anyone may attend. Call 628-5458 for more information.

This week's inspiration

This week's inspiration from the sermon titled "Light for the Darkness" and scripture verses 1 John 1: 1-2:2: Light represents God's righteousness and dark is its counterpart. With light, we walk according to God's will and we can find ourselves in darkness when we walk according to our own will. Only God's way leads to perfect peace. The light of self-righteousness blinds our eyes. God is always trying to show us His way even while living our own way. God is light and in Him is no darkness. Our sinful nature is our biggest flaw. We need to be honest about this. If we're going to avoid the sinking effects of sin, we need to slow down and confess our sin. Confession leads us to second chances. Walking in the light is a recognition of things as they are.

Carlisle County Schools Board Meeting Minutes

*Learners Today,
Leaders Tomorrow*

Preschool: Ember Wright and Amber Cates are serving as Teacher Leaders and representing the district at regional ELLN (Early Learning Leadership Networks) meetings. The teacher leaders will train preschool staff and kindergarten staff on aligning Early Childhood Standards to Common Core Standard for Kindergarten. Preschool teachers and kindergarten teachers met on March 15th to review Early Childhood Standards and Unit Plans for kindergarten. The ELLN project is a multi-year commitment.

April Cochran from Market House Theatre spent several days in the preschool classrooms presenting Arts and Humanities lessons. Mrs. Cochran interacted with the preschool students as they acted out stories and plays and made several crafts to use during the interactive stories. Preschool teachers and students celebrated Dr. Seuss' birthday in March by sharing Dr. Seuss books and activities. Several students even tried Green Eggs

and Ham after reading the famous book by Dr. Seuss. Family Game Night was held on February 28. Preschoolers attended the event dressed in their pajamas and enjoyed popcorn while playing board games with their families and each other. Each family that attended the event took a board game home.

Preschool Registration for the 2012-2013 was held on February 24th, March 9th, and March 23th. Preliminary numbers consist of 30 returning preschool students for the 2012-2013 school year and 51 new applicants. New enrollees will be accepted based on income guidelines for Head Start and free lunch eligibility. Students may also be determined to be eligible for preschool after completing Preschool RTI interventions and being evaluated for potential delays. Tuition slots will be granted as room allows based on preschool tuition guidelines.

Graduation 6:00 p.m.

Attendance: Our average daily attendance is up just a little compared to last year. Across our three schools and the district attendance has been fairly steady compared to the same period in the previous two years. The district as a whole is only down less than .2% this year.

One issue that has started to become a problem this year concerns some of our high school students checking out for lunch. Students are contacting parents/grandparents and having them call the school to give permission for them to leave in order to go eat somewhere in the community. These students are leaving class early and returning to school after the start of 6th period thereby missing instructional time. This is an unexcused tardy or absence. Wording in the behavior code will be changed to better reflect the importance of students staying on campus during lunch and that it is unexcused tardy or absence possibly leading to truancy issues.

The board approved the trip

request for FBLA for April 23-25 for the state leadership conference in Louisville. Brandon Wilson, Scotty Kelly, and John Matt Fourshee were appointed to serve on the Local Planning Committee(LPC). The LPC works with architect and facilitator to update and recommend the facility plan to the school board. RBS Design of Owensboro was approved to conduct the building evaluations for the LPC facility planning process and KSBA to serve as the LPC facilitator. The contract with the Sanitation District was approved, it reflects the current rates. The school board conducted another superintendent interview.

A look back at the April 14, 1961 meeting of the Carlisle County School Board: The board voted to repair the Milburn Gym Roof for \$115 compared to the cost of coating the whole roof at an estimate between \$570 and \$600. J.W. Steinbeck was instructed to place a new door lock on the outside door of the colored school. Utilities for the Bardwell School was \$49.86.

BALLARD-CARLISLE HISTORICAL & GENEALOGICAL SOCIETY

April 23rd – Ballard-Carlisle County Historical and Genealogical Society meeting, 6 pm, Society/Library Building, 257 4th St, Wickliffe.

The Ballard-Carlisle Historical and Genealogical Society met March 26th, 2012, at the Society/Library Building, Wickliffe. Sonya Mainord, librarian, gave an update of the status of the library. She informed the group that the basement leak has been fixed, gutters have been installed, and shelves are back in place. Phones and wireless internet will be installed for both agencies. The library has graciously given us a computer and printer to use. Sonya will contact the company that needs to make repairs to one of the microfilm machines. It will take some time to catalog and enter all the

books but plans are to open the library the 1st Thursday of May. Very exciting news! Open house will be set at a later date.

The following queries were received by the corresponding secretary:

- HAZELWOOD, BALLARD COUNTY - Marcia Boulton is requesting pictures of Hazelwood community in Ballard County – old school, houses, church, etc.
- BOYD – Sue Parkins is looking for the burial place of Caleb and Sarah Boyd and death date for Caleb Boyd. Sarah died January 1921 near Barlow; informant was son Ed Boyd who lived in Barlow at that time. Caleb could have died in Livingston Co. before her and may be buried there. They were in the Livingston 1910 census.
- BARNEY (BARNIE) PICK-

ETT – Kathleen O’Connell is looking for an obituary for her grandfather, Barney Pickett, buried in new Mississippi Cemetery, who worked for the Illinois Central Railroad and was killed on the job in Mounds, IL, March, 1918.

- BALLARD COUNTY COURTHOUSE—BUILDER OR CONTRACTOR – John E. Deacon, a lawyer and historian, is doing a history of Kentucky courthouses and looking for the builder or contractor who build the B.C. courthouse, 1900-1905. He also wants the name of the architect and builder of the 1958 CARLISLE COUNTY COURTHOUSE which later burned.

Announcements:

- Joe Culver and Kenny Crice donated the book “Characters by the Bushel.”
- A local Eagle Scout worked

on the Antioch Cemetery and has a new listing that Betty Johnson, Ballard County Cemetery Board chairman, is going to donate to Society.

- The Society has a facebook page, <https://www.facebook.com/pages/Ballard-Carlisle-County-Historical-Genealogical-Society/339200779459721>, and the regular webpage has been updated, <http://www.ballard-carlisle-ky-genealogy.com/>.

The Ballard-Carlisle County Historical and Genealogical Society meets the fourth Monday of each month. Next meeting will be April 23rd, 2012, 6 pm, Society/Library Building, 257 4th St, Wickliffe. Everyone is welcome to attend. For more information, contact Murray Akers, president, makers012@windstream.net.

Trace Hook Wins Multiplication Madness Showdown

The final four left to right: Trace Hook, Carleigh O'Neill, Mallory Wilson and Brooke Thompson

The 2012 Multiplication Madness Champion, Trace Hook. Trace is the son of Shawn and Julie Hook of Cunningham

*By Michael Toon
Carlisle Weekly*

While the 2012 University of Kentucky Wildcats made their magical run to the school's 8th Championship, a Carlisle County Elementary Student was making a run of his own through the field of 64.

Carlisle County Elementary held its first Multiplication Madness Tournament where 64 students faced off in a similar fashion that the basketball teams in the NCAA Tournament do. As each round in the real life basketball tournament advanced, so did the multiplication tournament.

The final four was comprised of math whizzes, Trace hook, Carleigh O'Neill, Mallory Wilson and Brooke Thompson. In the finals Hook beat out O'Neill to claim the Multiplication Madness Championship. Great job to all participants.
